

# Inserco Industrial (Controls) Ltd

## THE ICA PARTNER FOR YOUR WATER INDUSTRY PROJECTS

**Inserco Industrial (Controls)** are a leading contractor in the Water Industry. We design, supply, install, maintain and calibrate Electrical and ICA equipment used in all sectors.

We are based in the South East of England and offer a one stop shop for equipment and services at competitive rates for all types of ICA work.

Our expert ICA knowledge of applications and processes is the ideal way to support clients who require reliable and effective support. Our framework status with some of the largest water companies confirms our position in the industry

For your next water project, contact Inserco.  
We look forward to working with you.

## Inserco – Your 'One stop shop' supplier
